Name of Listed Issuer: BYND Cannasoft Enterprises Inc. (the “**Issuer**”).

Trading Symbol: BYND

Number of Outstanding Listed Securities: 37,899,386

Date: June 8, 2023

This Monthly Progress Report must be posted before the opening of trading on the fifth trading day of each month. This report is not intended to replace the Issuer’s obligation to separately report material information forthwith upon the information becoming known to management or to post the forms required by Exchange Policies. If material information became known and was reported during the preceding month to which this report relates, this report should refer to the material information, the news release date and the posting date on the Exchange website.

This report is intended to keep investors and the market informed of the Issuer’s ongoing business and management activities that occurred during the preceding month. Do not discuss goals or future plans unless they have crystallized to the point that they are "material information" as defined in the Policies. The discussion in this report must be factual, balanced and non-promotional.

General Instructions

- (a) Prepare this Monthly Progress Report using the format set out below. The sequence of questions must not be altered nor should questions be omitted or left unanswered. The answers to the items must be in narrative form. State when the answer to any item is negative or not applicable to the Issuer. The title to each item must precede the answer.
- (b) The term “Issuer” includes the Issuer and any of its subsidiaries.
- (c) Terms used and not defined in this form are defined or interpreted in Policy 1 – Interpretation and General Provisions.

Report on Business

1. Provide a general overview and discussion of the development of the Issuer’s business and operations over the previous month. Where the Issuer was inactive disclose this fact.

General Overview - The Issuer is an integrated software/Cannabis company. Its primary operations are all located in Israel.

Benefit CRM Software – The Issuer owns and markets a proprietary customer relationship management (CRM) software product, known as

“Benefit CRM”. The Benefit CRM software enables small and medium-sized businesses to optimize their day-to-day business activities such as sales management, personnel management, marketing, call centre activities and asset management.

During May 2023, the Issuer continued development of its cloud based, next generation “Benefit CRM” software platform and it is now ready for BETA testing.

Cannabis CRM Platform – During May 2023, the Issuer continued the early stage development of its new, innovative Cannabis CRM platform, designed specifically to serve the needs of the medical cannabis industry. The Issuer is hopeful that its new Cannabis CRM platform will transform the medical cannabis industry into a more organized, accessible and price transparent market. Data and information collected through the operation of the Issuer’s Cannabis Farm (see below), will allow the Issuer to test its new Cannabis CRM platform and adjust the platform as necessary.

Cannabis Farm – During May 2023, the Issuer continued the planning stage of its licenced outdoor, greenhouse based, medical Cannabis Farm facility, which is to be located near Ashkelon, Israel. Recent changes to local regulations has also caused the Issuer to begin exploring the possibility of developing an indoor Cannabis growing facility. with the goal of increasing the number of harvest cycles per year (as compared to an outdoor facility). The Issuer has now completed the design of the 2,400 square meter indoor Cannabis growing facility in Moshav Kochav Michael and has shifted its resources to prioritize building of the indoor facility and expects that construction of such a facility would take approximately 10 months to complete.

EZ-G Device - During May 2023, the Issuer continued the tasks involved in pursuing the final registration of the patent which contain over 100 claims and establish a marketing and sales system for the EZ-G device. The Issuer’s ‘Go to Market’ strategic plan is based on combined B2B and B2C sales. The Issuer plans to initially secure any required regulatory approval from the appropriate authorities and then start prototype production, validation tests and contract with suppliers for the production of the device and the oils used in the EZ-G device.
